

A NOTICE TO ALL HCA VA SPORTS MEDICINE PATIENTS

PLEASE READ AND SIGN BELOW TO SIGNIFY YOUR UNDERSTANDING OF THE FOLLOWING:

1. All of the physicians of HCA VA Sports Medicine, LLC are employed physicians of CJW Medical Center and their services are billed to you through HCA Physician Services Group (HCA PSG) out of Brentwood, TN, which is separate from CJW Medical Center.
2. The payments of any co-payments required by your insurance company are expected at the time of registration and service.
3. Most insurance companies DO NOT COVER the cost of soft goods and braces, unless they classify them as "DURABLE MEDICAL EQUIPMENT" or "DME." If the item is classified as "DME" the insurance company may require you to purchase them from a supplier of their choice, Authorization may be required to cover that cost. You, the patient, have the choice as to where to get these items and may choose to use CJW Medical Center, physical therapy departments DME provider, DJ ORTHO through ACO. The charges for those items will be billed through A.C.O, not CJW. The paperwork will be processed through the P.T. office to A.C.O. Items not classified as D.M.E. are charged by HCA VA Sports Medicine, LLC.

MOST INSURANCE COMPANIES DO NOT COVER THE COST OF THESE "NON-DME." ITEMS AND THEREFORE THEY WILL BE AN OUT OF POCKET EXPENSE FOR WHICH YOU WILL BE EXPECTED TO PAY FOR AT CHECK OUT TODAY, IF YOU CHOOSE TO SELECT TO GET THE ITEM(S) THROUGH US.

4. Radiology services (X-ray) that are provided onsite at some of our locations are provided by CJW Medical Center, not HCA VA Sports Medicine, LLC. Therefore, any x-rays ordered by the physician at those locations will require a second registration for CJW Medical Center, outpatient services. **That will mean that you will be billed separately for the radiology services and may be required to pay a separate co-payment for the x-rays, depending on your insurance and a separate bill from the radiologist group that is required to read them.** This would be no different than if our physicians sent you to the hospital to get the x-rays. CJW Medical Center has provided these services at our facilities for customer convenience.
